About OneCity

Established in 2004 , OneCity began with the sole purpose of providing professional advertisement and directory publication to its clients, which has now transformed by the growing popularity of technology and media to provide dedicated and professional services to all our clients on Digital marketing, website designing, graphic designing, Mobile and web app development. Additionally we provide customized business solutions to kick start your digital journey and give you an edge over your competitors. We have provided branding services to more than 650 customers and have 7000+ customers through yellow page telephone directories. Our 19 years of business experience has made OneCity a customer oriented organization. We have clients from Saudi Arabia , Oman, the United kingdom, Kuwait and the United Arab emirates. Our client partnerships are the most valued and essential aspects of who we are and what we do.

Why choose CollegeMarker?

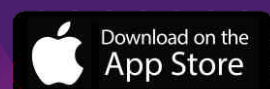

College Marker is the no 1 educational portal for information on colleges, universities, examinations, courses and events. At onecity, we believe that education today builds the future tomorrow. We endeavour to aid the aspiring youth to make the right academic decisions and thereby ignite their passion for life. Right from our inception, we have been passionately involved with students, guiding and mentoring them through our annual educational publications. These publications served as a bridge between institutions and students, providing them with vital academic information.

HelloVcard

Digital Vcard and WhatsApp Store

Digital Business Card

Creating your own digital business card is an easy task! With our advanced digital business card creator tool, you can now design a unique and engaging virtual business card that reflects your personality and style.

So what are you waiting for?

Create your own business card with just a few clicks!

About US

HelloVCard, powered by OneCity Technologies Pvt Ltd, is an innovative new digital business card maker with a variety of templates to quickly create any design you imagine in just minutes. It offers countless design alternatives in order to satisfy the needs of modern business professionals. With just a few clicks, our software can assist you in making your professional creative visions a reality!

Why Use a Digital Business Card?

- Digital business cards eliminate the need to carry a paper business card. This will boost name recall and professionalism by making you more memorable.
- Easily connect with anyone and share your online portfolio to appear highly professional.
- Expand your network, double your leads and increase referral sales.
- Increase your brand awareness and exposure. Save money as there are no print and postal charges.
- Easier to read, visually appealing, simple to remember, call to action(CTA).

Our Features & Services

WhatsApp Store

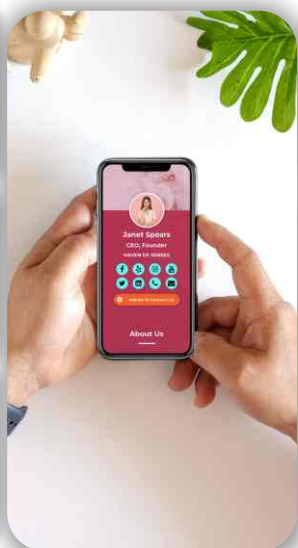

Help your customers connect with you & purchase your product through Digital Business Card using whatsapp.

Lead Generation

Help you capture leads with a contact form that goes straight to your inbox, WhatsApp or email

Lead Center & Analytics

You can finally get all your leads details stored in one place, and not have to worry about losing track of the information..

Tap to Call or Whatsapp

Prospects can call you or whatsapp you without saving your number, making it easy for you to turn more prospects into customers.

Website & Social Links

Your Prospects can visit websites and social sites where they can find more information about your service.

Click to Navigate

Offer your customers a hassle-free way to visit you, using google Maps. They'll enjoy the convenience, and you'll benefit
